

PROUD EVENT SPONSOR

Why sponsor?

Sponsorship provides an excellent opportunity to promote your organisation, new products and innovations, your expertise and capabilities to support your brand as well as maintaining a high profile within the industry before, during and after the event.

Your organisation will:

- Get the profile it needs to be part of the National leading industry association in the flexible pavements space.
- Benefit significantly from exposure to keenly interested, relevant and above all, influential audience in a diverse educational environment including key note addresses, workshops, panel discussions and technical presentations.
- Have the opportunity to foster relationships and expose your staff to their key markets and peers via breakout rooms.
- Be able to claim the cost of sponsorship as a legitimate tax-deductible expense.
- Sponsors will be promoted through the AfPA website (over 6000 industry contacts) and through all promotional material including leading infrastructure magazines before, during and after the event.
